

Create memorable and impactful events with Kahoot! 360

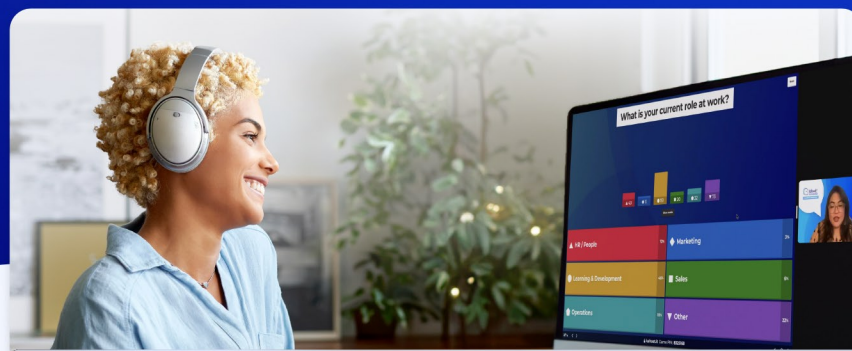

Talk-heavy events lose energy fast, leaving audiences disengaged and key messages forgotten. Millions of professionals use Kahoot! 360 to design every session as an interactive experience that pulls your audience in and reinforces your message.

Company summits and town halls

Use main stage interactions to align large groups of employees on company vision.

Webinars and virtual events

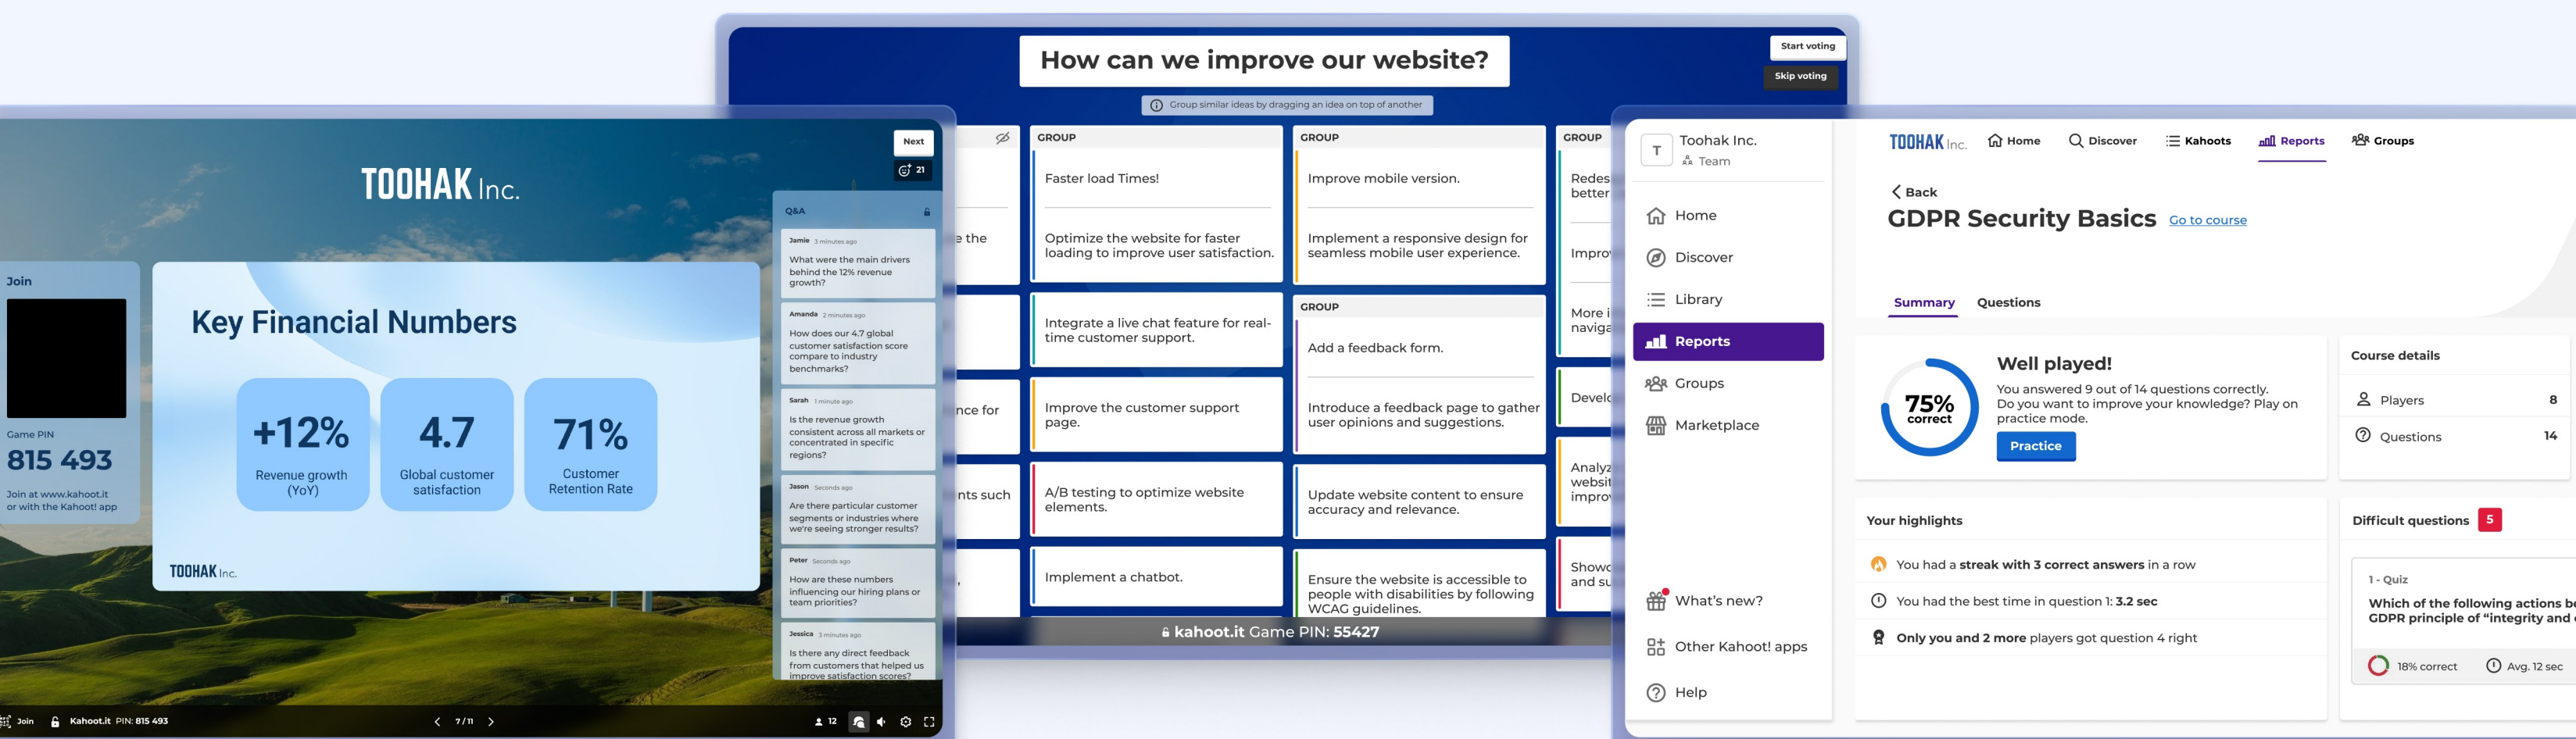

Turn passive viewers into active participants with real-time feedback and sentiment sliders.

Customer and partner conferences

Capture interest and spark meaningful dialogue during partner and customer events.

How to master events with Kahoot! 360

Energize any session with presentation mode

Replace flat slide shows with professional hosting that keeps people leaning in.

Gather ideas with brainstorms

Generate ideas and prioritize the best audience insights collaboratively and in real-time.

Measure event success with reports

Use participation data to personalize post-event follow-up and justify event ROI.

TRUSTED BY LEADING BRANDS WORLDWIDE

"People at the park are playing Kahoot! on the phones, and others are just following, but everybody is engaged, even those not playing. Kahoot! creates a fun atmosphere on the stage, and that is important for us"

Kasper Schumacher,
Chief Operating Officer
Tivoli Gardens

The most engaged workforces use Kahoot! 360!
