HOW TO CREATE AN ENGAGED FINANCE WORKFORCE

Reduce compliance risk with impactful training

Keep employees up to date on regulations like AML and KYC with engaging, self-paced training that improves knowledge retention and reduces compliance risk.

Boost retention with effective onboarding

Turn onboarding into an engaging, AI-powered experience that introduces company culture and processes while tracking progress and improving retention.

Build corporate culture with engaging events

Host interactive company events that strengthen culture and productivity by turning presentations into engaging experiences with live participation and real-time feedback.

TRUSTED BY LEADING FINANCE COMPANIES

"I can accurately measure product knowledge with Kahoot! After launching a new credit card, I saw that trainees had 75-80% accuracy in a challenge I sent, which is a big success!"

Gerardo Díaz Santos

Senior Manager of Customer Experience Design, Scotia Bank
