

# Empower frontline teams to act with Kahoot! 360

When frontline communication is poor, brands can suffer from mistakes and inconsistent experiences. Millions of professionals use Kahoot! 360 to deliver critical messages fast with bite-sized updates that keep frontline teams informed, confident, and ready to act.

### Daily shift huddles

Align shifts on daily offers and execution goals through quick, interactive team huddles.

### Service standard updates

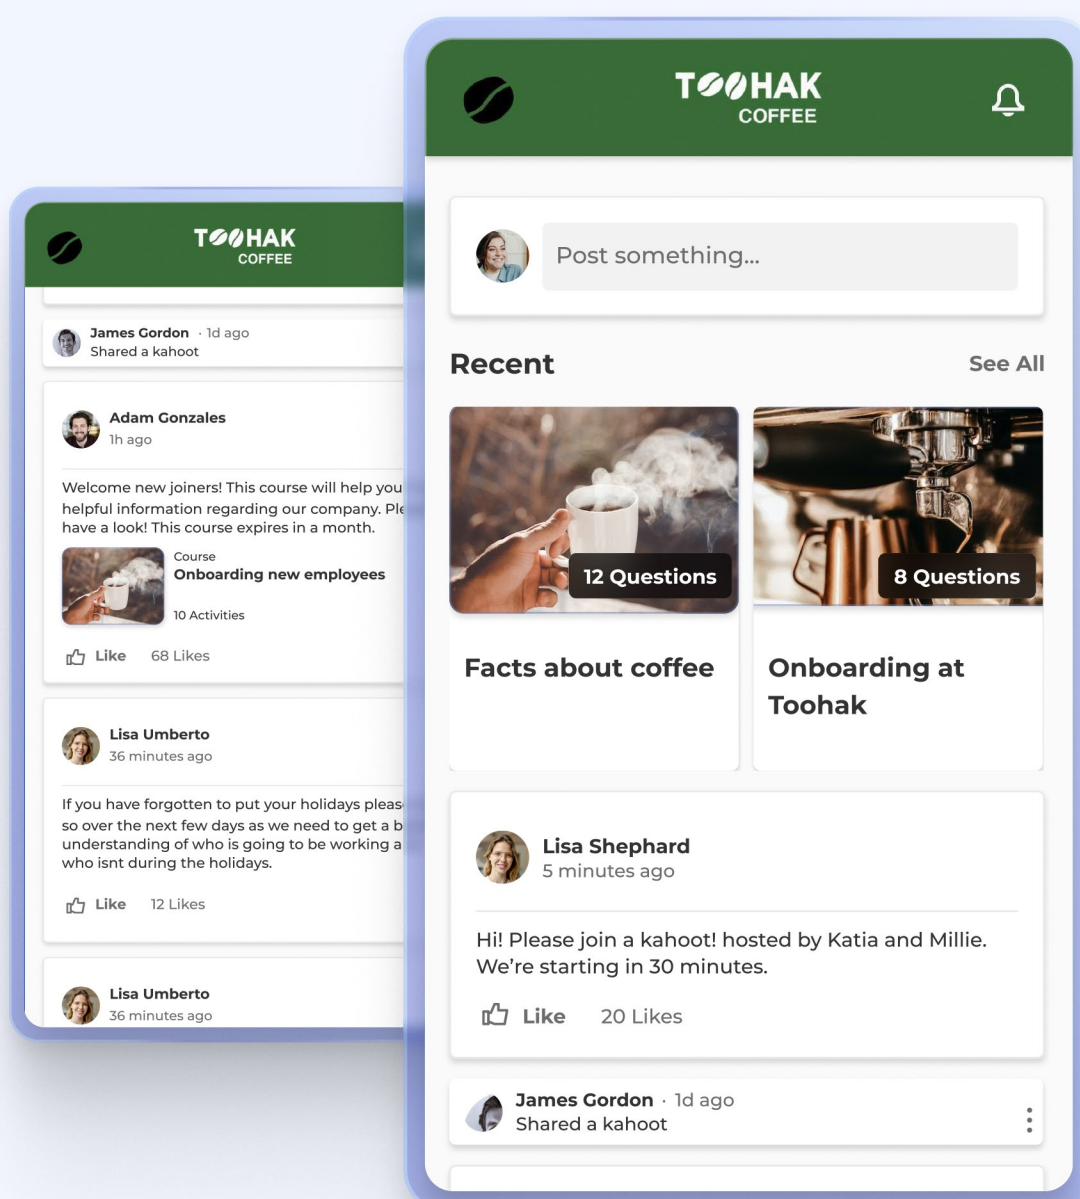

Update staff on service standards in a mobile-friendly, on-the-go way.

### Mobile safety protocol reinforcement

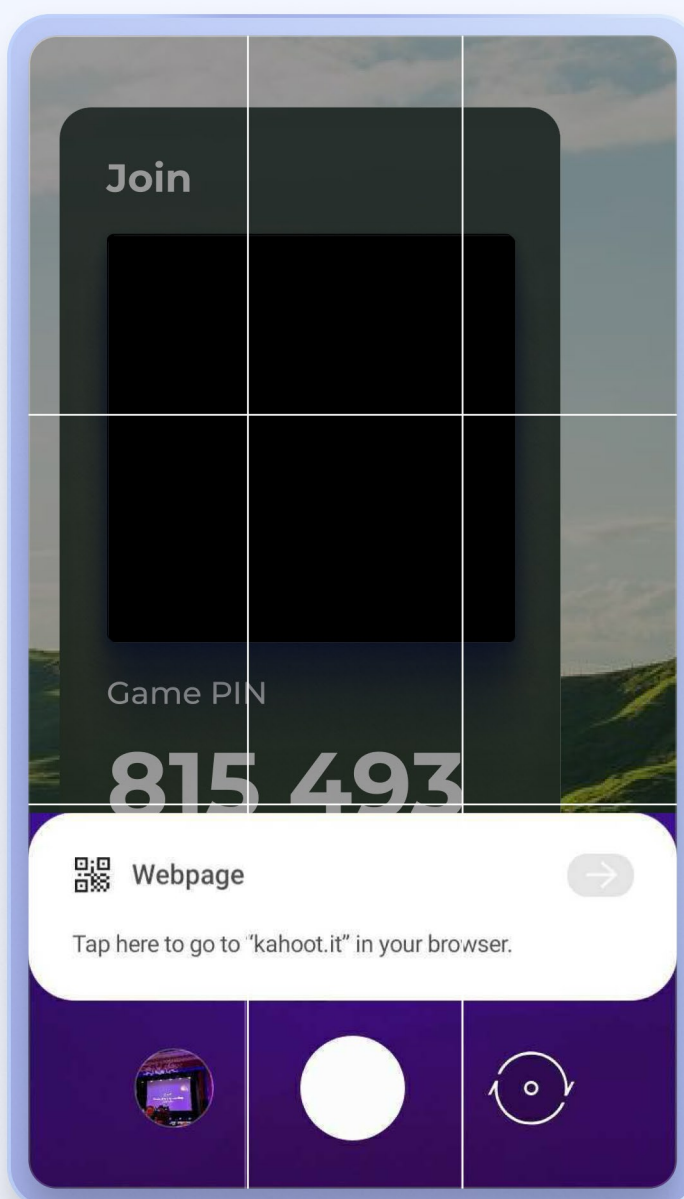

Send critical safety scenarios and reminders directly to the mobile devices of field crews.

## How to master presentations with Kahoot! 360

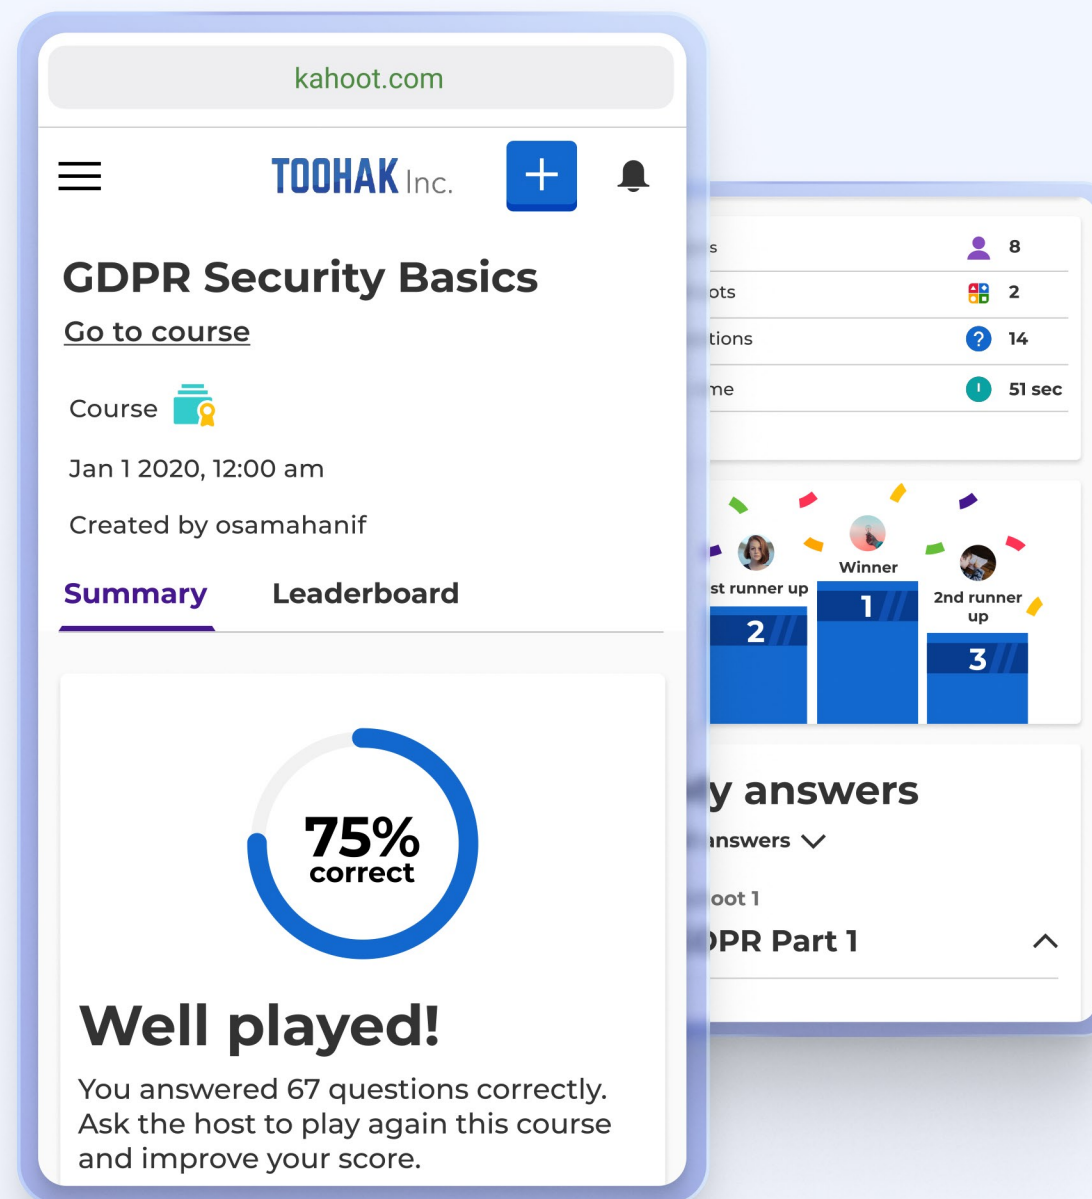

### Reach every employee with mobile-first updates

Get information to the right people at the right time on any mobile device.

### Connect dispersed teams with QR codes

Allow instant participation for deskless teams with a simple, friction-free QR code scan.

### Track communication impact with reports

Track the impact of communication and behavioral changes with in-depth reporting.

TRUSTED BY LEADING BRANDS WORLDWIDE

*"The reason we use Kahoot! is to deliver a more meaningful training experience. For us as a business, that translates to a better guest experience."*
