

Polling

# Ask, understand, and improve with Kahoot! 360

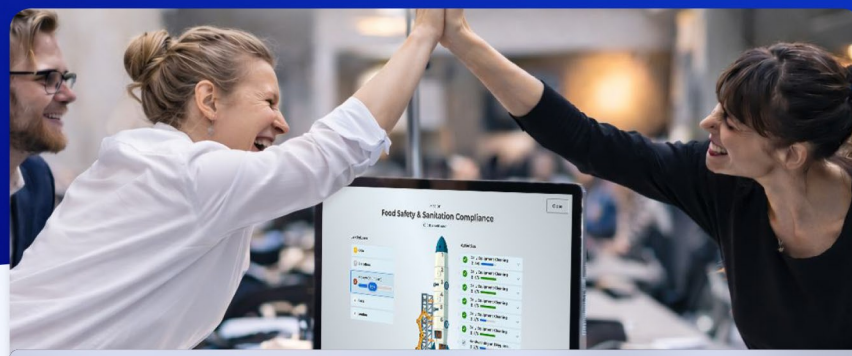

# Kahoot! 360

Decisions based on assumptions can overlook what people really need, leading to misaligned priorities and lost opportunities. Millions of professionals use Kahoot! 360 to run quick polls that people actually answer, helping you capture actionable insights in real time.

### Employee sentiment pulse surveys

Spot potential issues early with short, mobile-friendly pulses and sentiment checks.

### Training needs assessments

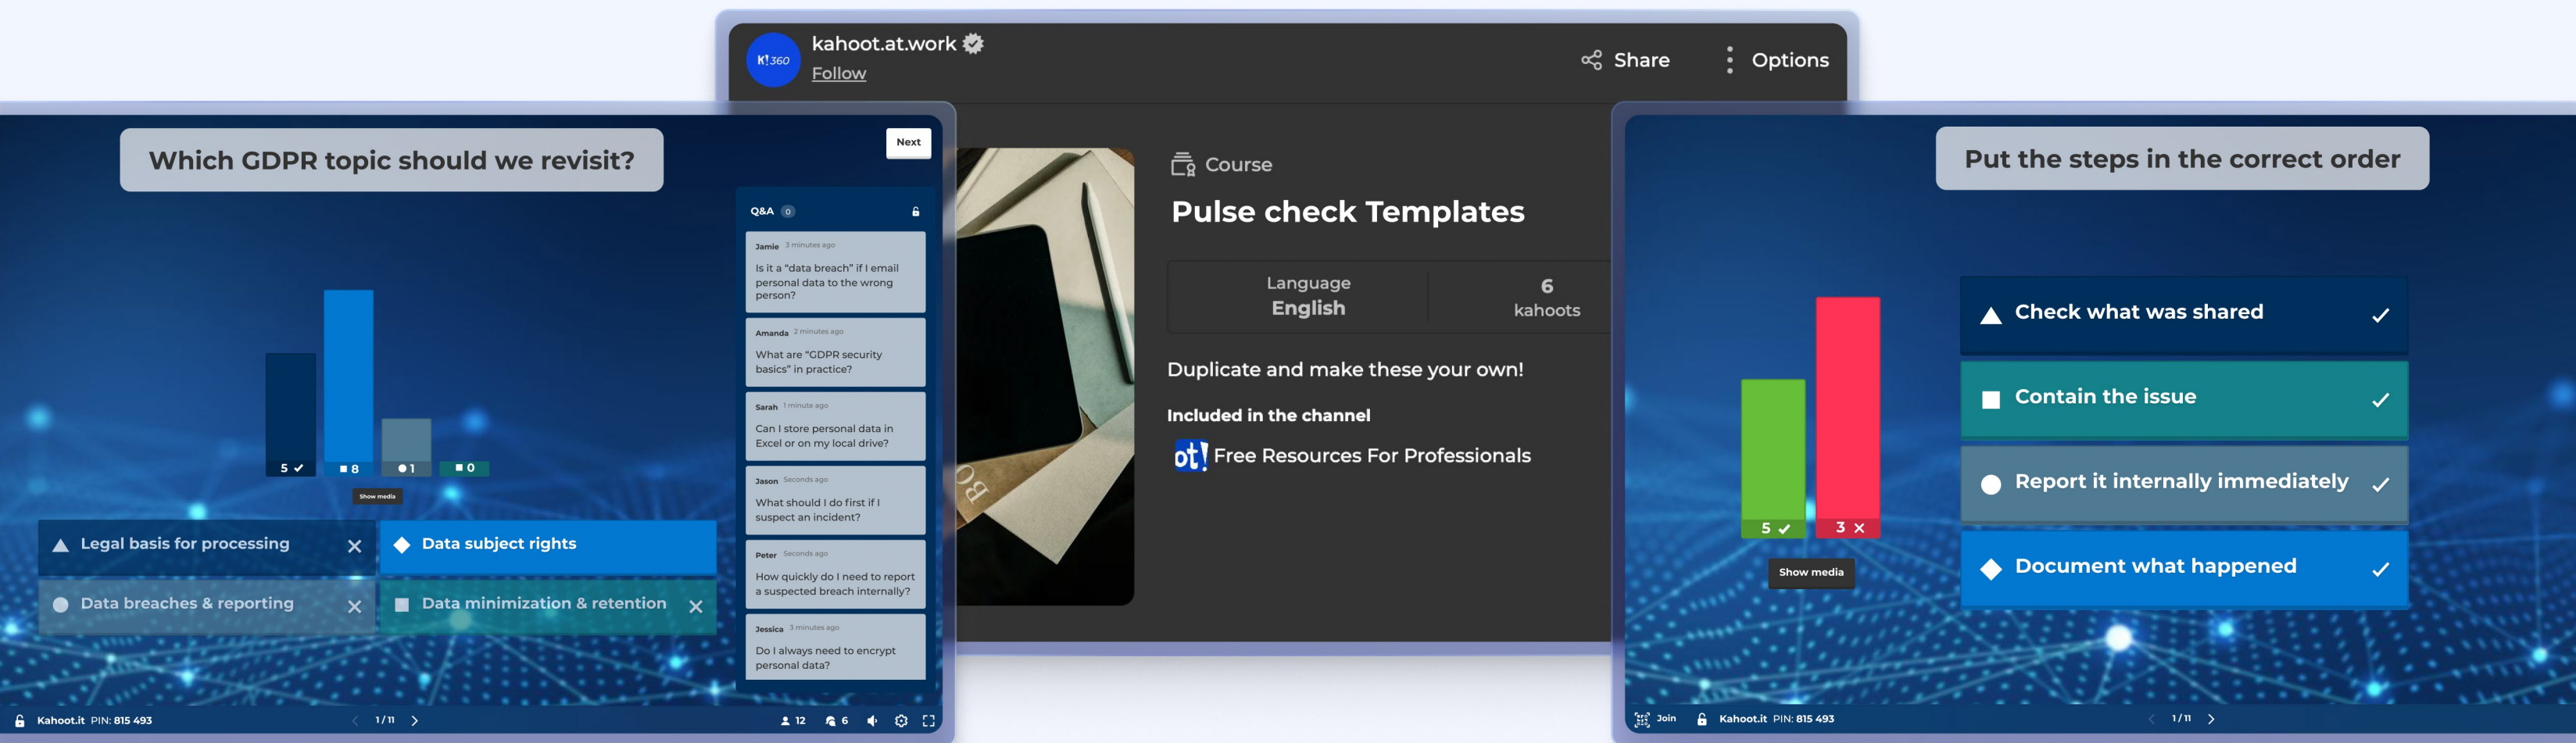

Identify exactly where your team needs support before you design your next program.

### In-meeting decision polling

Move decisions forward by confirming alignment and agreement during live discussions.

## How to master presentations with Kahoot! 360

### Capture honest feedback with polls and surveys

Get higher response rates with engaging, game-style interactions people enjoy answering.

### Launch pulses instantly with templates

Make check-ins and retros interactive in minutes using work-ready survey templates.

### Make decisions faster with real-time reporting

Turn answers into immediate, actionable charts you can act on during the session.

TRUSTED BY LEADING BRANDS WORLDWIDE

*"The reason we use Kahoot! is to deliver a more meaningful training experience. For us as a business, that translates to a better guest experience."*
