

Hold presentations that drive action with Kahoot! 360

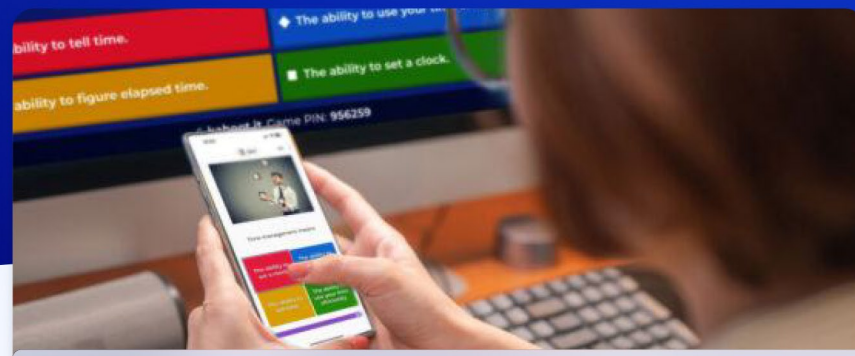

One-way communication often fails to engage audiences, reinforce key messages, or drive action. Millions of professionals use Kahoot! 360 to deliver interactive presentations that engage people from start to finish driving message understanding and follow-up actions.

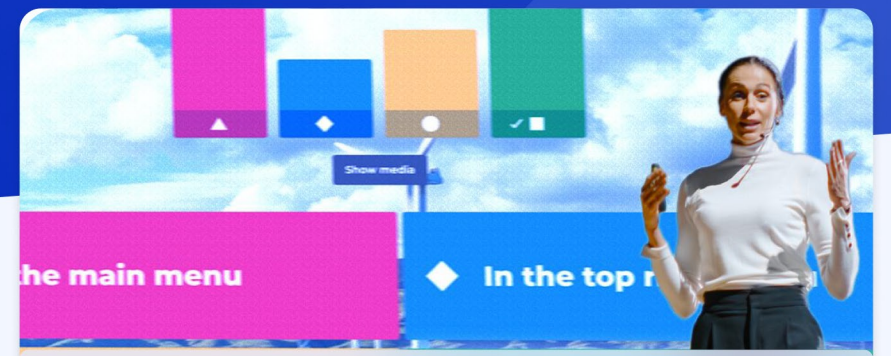

Quarterly sales kick-offs

Embed interactive questions in decks to keep sales teams focused on new targets.

Team meetings

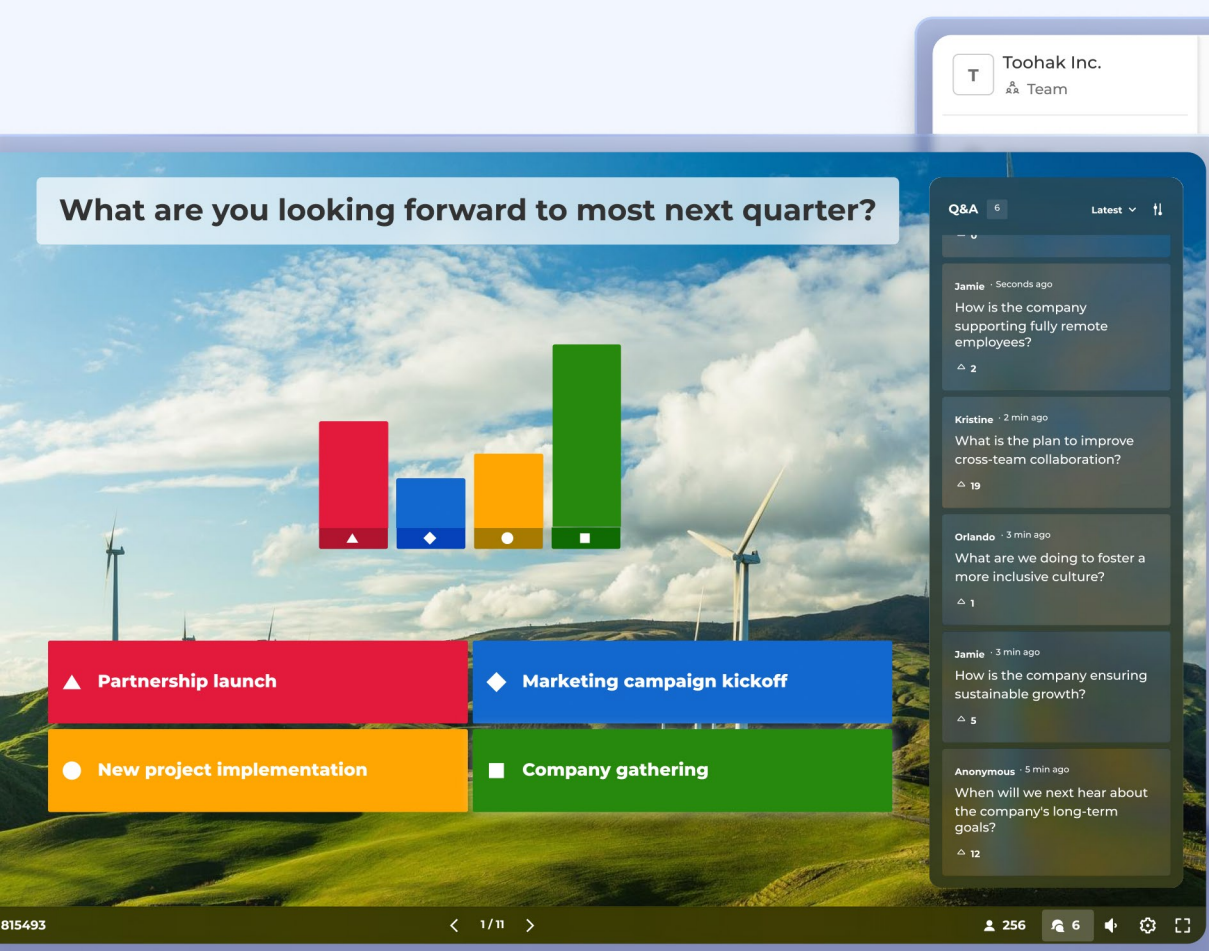

Use interactive knowledge checks to ensure everyone is aligned on upcoming projects and timelines.

Keynote presentations

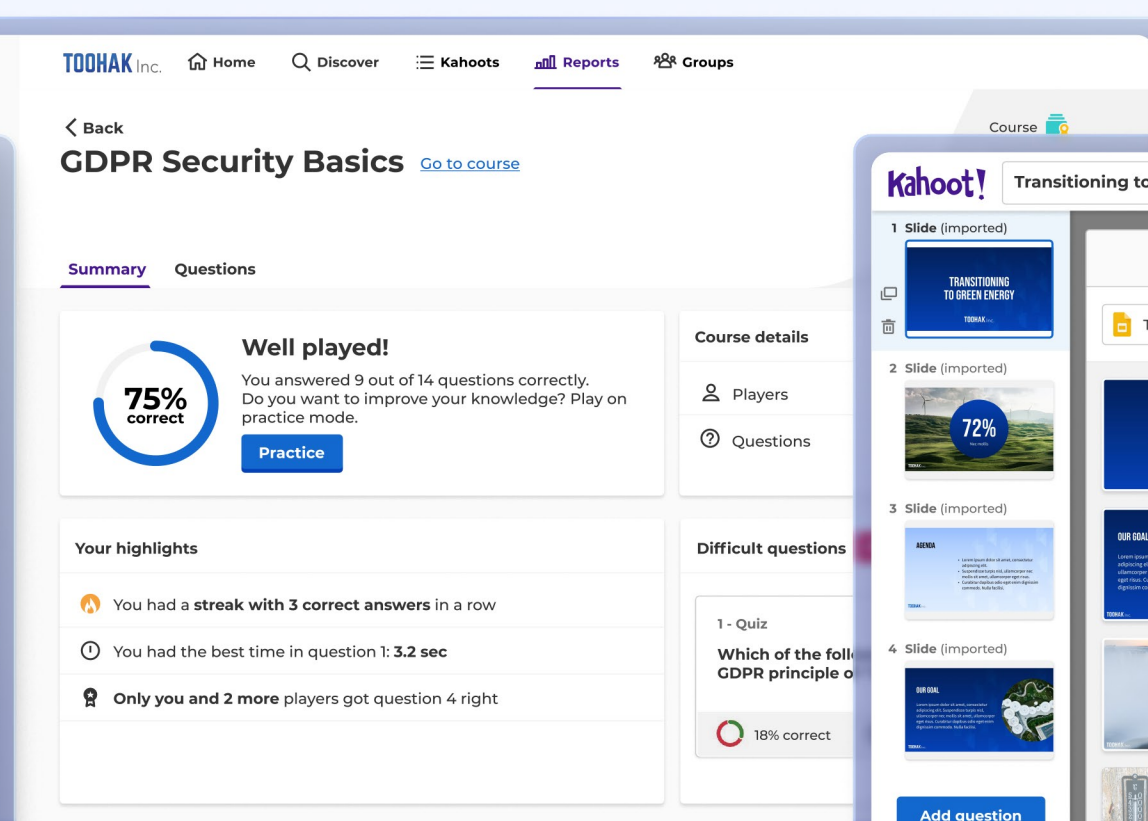

Run live polls during high-stakes keynote talks at conferences to drive engagement.

How to master presentations with Kahoot! 360

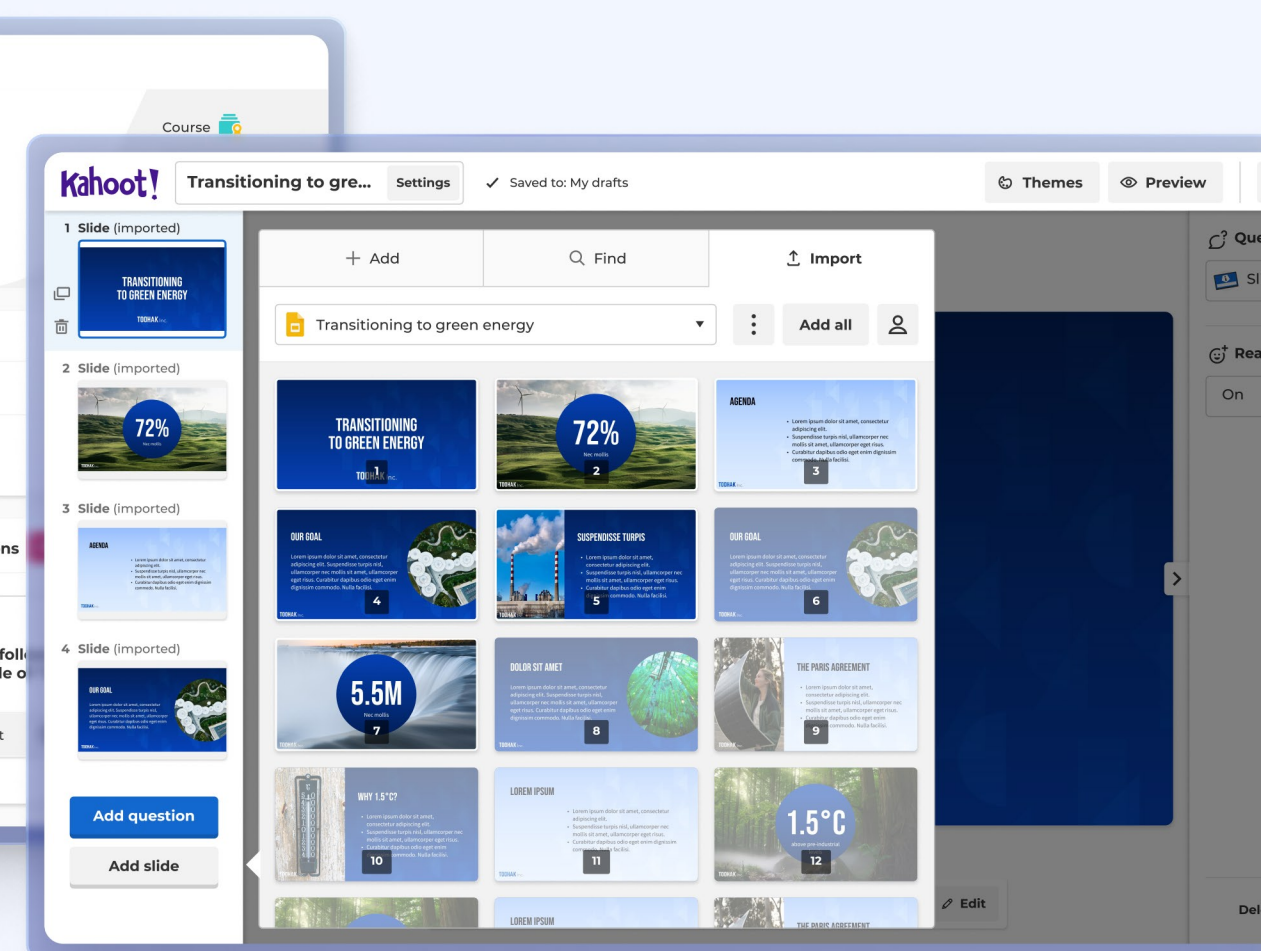

Present like a pro with presentation mode

Control points and podiums to match the tone of any professional hosting experience.

Track audience participation with reports

Use combined data from multiple presentations to spot and fill knowledge gaps.

Make any presentation interactive with slide sync

Sync Google and Microsoft slides once to always present the latest version in your kahoot.

TRUSTED BY LEADING BRANDS WORLDWIDE

"Kahoot! has that fun, playful side, but it also has genuine value. It's really hard for a platform to balance the ability to do both of those things, but Kahoot! is great at it and we take advantage of it."
