HOW TO CREATE AN ENGAGED TRANSPORTATION WORKFORCE

Reduce employee turnover through continuous learning

Keep top talent engaged and loyal with interactive training that rewards participation, builds skills, and fits seamlessly into daily work.

Boost retention with impactful onboarding

Accelerate new hire success with AI-powered, bite-sized onboarding that's engaging, easy to customize, and fully trackable.

Boost brand awareness with engaging events

Make events memorable and drive connections by turning presentations into interactive experiences with live Q&A, polls, and AI-generated questions.

TRUSTED BY LEADING TECHNOLOGY COMPANIES

"For a healthcare client, we placed strategic kahoots in the training, and that led to a 53% higher overall NPS in training, 36.7% lower attrition during the training period, and 10.5% higher trainer NPS."

Miguel Buenavista

Learning & Development Manager, TTEC
