Higher accident rates among unengaged employees.

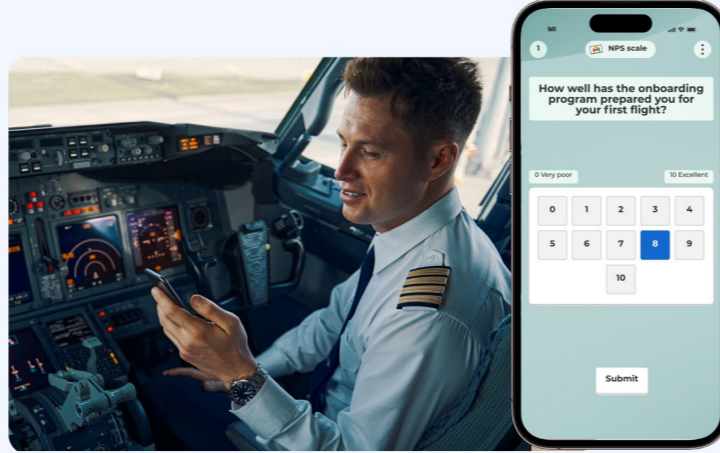

GEOTAB, 2025

HOW TO CREATE AN ENGAGED TRANSPORTATION WORKFORCE

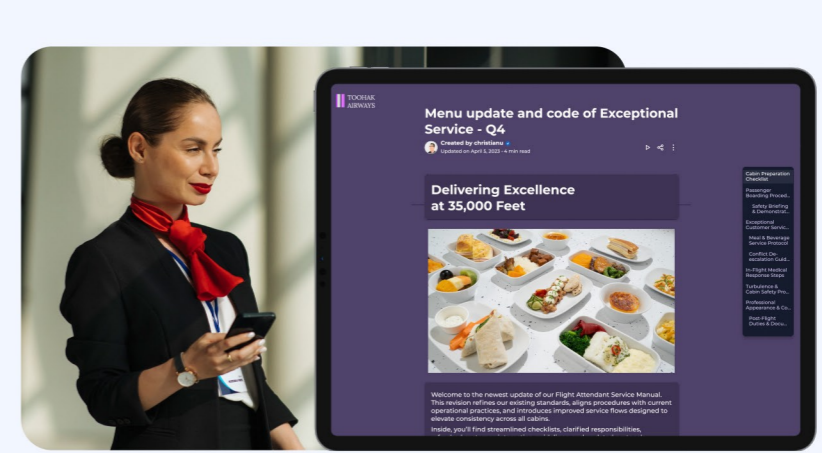

Reduce safety incidents with engaging training

Reduce road, air, and rail incidents with interactive training that boosts completion rates, strengthens response accuracy, and develops employee skills anytime, anywhere.

Boost retention with impactful onboarding

Increase new hire satisfaction and shorten ramp-up time with engaging, AI-powered onboarding that introduces company culture while tracking progress and measuring impact.

Deliver an exceptional customer experience with mobile updates

Equip frontline staff with engaging service training and instant mobile updates, while gathering real-time feedback to continuously improve the customer experience.

TRUSTED BY LEADING TRANSPORTATION COMPANIES

“Using Kahoot! involves and motivates our employees and increases their awareness of safety procedures and concepts. Kahoots help employees adapt to our company guidelines and ensure that they are executed correctly.”

Arnaud Jay

Head of Culture, Safety, and Training, SNCF
